Plexus Announces Fiscal Third Quarter Financial Results

NEENAH, WI – July 26, 2023 - Plexus Corp. (NASDAQ: PLXS) today announced financial results for our fiscal third quarter ended July 1, 2023, and guidance for our fiscal fourth quarter ending September 30, 2023.

- Reports fiscal third quarter 2023 revenue of \$1.02 billion, GAAP operating margin of 2.8% and GAAP diluted EPS of \$0.56, including \$0.76 of restructuring and other charges and \$0.14 of stock-based compensation expense
- Reports fiscal third quarter 2023 non-GAAP operating margin of 5.0% and non-GAAP diluted EPS of \$1.32, including \$0.14 of stock-based compensation expense
- Initiates fiscal fourth quarter 2023 revenue guidance of \$1.00 billion to \$1.04 billion with GAAP diluted EPS of \$1.18 to \$1.36, including \$0.19 of stock-based compensation expense

(1) On May 18, 2023, the Company announced updates to its fiscal third quarter 2023 GAAP guidance because of an additional one-time, non-recurring charge taken during the quarter related to an arbitration decision.

(2) Q3F23 results and guidance include restructuring and other charges of 220 bps.

(3) Includes stock-based compensation expense of \$0.14 for Q3F23 results, \$0.19 for Q3F23 guidance and \$0.19 for Q4F23 guidance. Q3F23 results include \$0.76 per share related to restructuring and other charges, net of tax. Q3F23 guidance includes \$0.77 per share related to restructuring and other charges, net of tax.

(4) Refer to Non-GAAP Supplemental Information in Tables 1 and 2 for additional information regarding non-GAAP financial measures.

(5) Q3F23 results and guidance exclude restructuring and other charges of 220 bps in operating margin.

(6) Q3F23 results exclude \$0.76 per share related to restructuring and other charges, net of tax, but include stock-based compensation expense of \$0.14. Q3F23 guidance excludes \$0.77 per share related to restructuring and other charges, net of tax, but includes stock-based compensation expense of \$0.19.

Fiscal Third Quarter 2023 Information

- Won 30 manufacturing programs during the quarter representing a record \$321 million in annualized revenue when fully ramped into production
- Delivered trailing four-quarter manufacturing wins of \$968 million in annualized revenue when fully ramped into production
- Purchased \$13.5 million of our shares at an average price of \$90.49 per share under our current \$50.0 million share repurchase authorization, leaving \$9.1 million available

Todd Kelsey, Chief Executive Officer, commented, "Plexus delivered a solid fiscal third quarter with revenue of \$1.02 billion, non-GAAP operating margin of 5.0% and non-GAAP EPS of \$1.32. Our team's continued ability to mitigate supply chain challenges, along with improvements in manufacturing efficiency and better than anticipated performance from our engineering team, contributed to non-GAAP operating margin meeting the high end of our guidance range and non-GAAP EPS exceeding our guidance range. The fiscal third quarter represented the fifth consecutive quarter with operating margin exceeding 5%."

Patrick Jermain, Executive Vice President and Chief Financial Officer, commented, "For the fiscal third quarter, we delivered return on invested capital of 13.5%, which was 450 basis points above our weighted average cost of capital. We drove this result and created substantial shareholder value through strong operating performance, prudent capital investments and a modest reduction in inventory compared to the prior quarter. As we continue these efforts, we are guiding improvement to our cash cycle for the fiscal fourth quarter and expect to generate positive free cash flow for the quarter and fiscal 2023."

Mr. Kelsey continued, "We are guiding fiscal fourth quarter revenue of \$1.00 billion to \$1.04 billion, GAAP operating margin of 4.7% to 5.2% and GAAP EPS of \$1.18 to \$1.36. Increasingly robust commercial aerospace demand and continued new program ramps are being offset by incrementally weaker demand for semiconductor capital equipment, a modest softening in some industrial markets and continued supply chain challenges."

Mr. Kelsey concluded, "We remain confident in achieving our goal of \$5 billion in revenue with 5.5% GAAP operating margin by our fiscal 2025. As fiscal 2024 progresses, we anticipate that revenue growth will accelerate once demand stabilizes in certain markets, new program ramp momentum increases and supply chain challenges lessen. Supporting our growth expectation is the knowledge that Plexus' best in class capabilities and focus on operational excellence are resonating with customers as demonstrated by our fiscal third quarter wins performance. During the quarter, we won 30 new manufacturing programs worth a record \$321 million, including several competitive share gains, while maintaining a robust funnel of qualified manufacturing opportunities of \$4 billion. Furthermore, new engineering program wins and the funnel of qualified engineering opportunities expanded versus the prior quarter, both positive leading indicators of future manufacturing wins. Over the long term, we believe our strong execution and accelerating program wins position Plexus to continue to deliver industry leading revenue growth and profitability."

Business Segment and Market Sector Revenue

Plexus measures operational performance and allocates resources on a geographic segment basis. Plexus also reports revenue based on the market sector breakout set forth in the table below, which reflects Plexus' market sector focused strategy. Top 10 customers comprised 51% of revenue during both the second and third quarters of fiscal 2023, down five percentage points from the third quarter of fiscal 2022.

Non-GAAP Supplemental Information

Plexus provides non-GAAP supplemental information, such as ROIC, economic return and free cash flow because such measures are used for internal management goals and decision-making, and because they provide management and investors with additional insight into financial performance. In addition, management uses these and other non-GAAP measures, such as adjusted operating income, adjusted operating margin, adjusted net income and adjusted diluted EPS, to provide a better understanding of core performance for purposes of period-to-period comparisons. Plexus believes that these measures are also useful to investors because they provide further insight by eliminating the effect of non-recurring items that are not reflective of continuing operations. For additional information on non-GAAP measures, please refer to the attached Non-GAAP Supplemental Information tables.

ROIC and Economic Return

ROIC for the third quarter of fiscal 2023 was 13.5%. Plexus defines ROIC as tax-effected annualized adjusted operating income divided by average invested capital over a four-quarter period for the third fiscal quarter. Invested capital is defined as equity plus debt and operating lease obligations, less cash and cash equivalents. Plexus' weighted average cost of capital for fiscal 2023 is 9.0%. ROIC for the third quarter of fiscal 2023 less Plexus' weighted average cost of capital resulted in an economic return of 4.5%.

Free Cash Flow

Plexus defines free cash flow as cash flows provided by operations less capital expenditures. For the three months ended July 1, 2023, cash flows provided by operations of \$18.8 million, less capital expenditures of \$30.3 million, resulted in negative free cash flow of \$11.5 million. This result included \$20.3 million of one-time, non-recurring charges paid during the fiscal third quarter.
